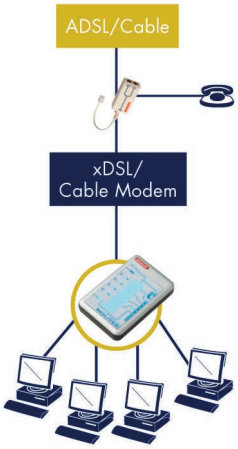
INTERNET



Data sheet: DC-202

Product code	:	DC-202
Product name	:	Broadband XDSL / Cable router
EAN code	:	8716502002856
Qty. masterpack / carton	:	5/10
Product weight	:	To be dated
Product dimensions	:	To be dated
Gift box weight	:	0.78 kg
Gift box dimensions	:	214 (L) x 186 (W) x 58 mm (H)
Carton weight	:	9,8 kg.
Carton dimensions	:	500 (L) x 350 (W) x 250 mm (H)

This Broadband Router enables you to share your existing broadband Internet connection effortlessly among a number of PCs via a single subscription. The Broadband Router can be configured in a very simple way, using the built-in unique ISP selection program. It enables you to select your Internet provider and your subscription, the Broadband Router then being adjusted fully automatically according to the requirements of the particular provider. Thanks to the integrated switch, you can directly connect 4 PCs, which then all have the possibility of access to the Internet. The built-in Firewall ensures that this Internet entrance is safeguarded against intruders.

Box content:

- Broadband xDSL / Cable
- Router
- Crossed UTP cable
- CD Rom
- Quick Installation Guide
- Power Adapter

System requirements:

- Compatible with all major network operating systems
- ADSL/Cable ethernet modem
- Computer with ethernet adapter (TCP/IP protocol)
- CD Rom drive

INTERNET

Data sheet: DC-202

Key features:

- 10/100 Mbps network
- Built-in 4-port switch
- Built-in firewall
- Built-in DHCP server
- Fully web-based management
- Extensive log-files with E-mail alert option
- Prepared for the most frequently occurring plug-and-play applications (MSN , Netmeeting , Yahoo Messenger)
- Fully platform-independent (i.e. usable in any operating system).

Technical specifications:

- NAT/NAPT (Network Address Port Translation)
- PPPoE & PPTP support
- Dial-on-demand and Auto Disconnect for PPPoE
- DHCP Server/Client
- Web-based Management
- URL Filter to block access to undesirable sites.
- Stateful Inspection Firewall protects against Denial of Service attacks.
- Logs and E-mail alerts
- Access Control
- UPnP (Universal Plug & Play)
- ALGs (Application Level Gateways) and Special Application support for programs which are difficult to use behind a Firewall.
- DMZ/Multi-DMZ
- Dynamic DNS
- Virtual Servers (Port Forwarding)
- Configure file Backup & Restore

Network Diagnostics

- Protocols: NAT, PPPoE, HTTP, DHCP, TCP/IP, UDP, PAP, CHAP, RIP1, DDNS
- Firewall: NAT firewall, Attack Alert (E-mail) and log, Stateful Inspection firewall for DoS (Denial of Service) attacks
- Security: URL filter, Access Control, Local Password
- VPN Pass Through: PPTP, IPSec, L2TP
- Management: Web-based management
- WAN port: 1 x 10/100 Mbps Ethernet (RJ45)
- LAN port: 4 x Nway RJ45 10/100 Base-T auto sensing with automatic uplink facility
- LED: 1xPower, 1xStatus, 4xlink/Act LAN, 4x100 LAN, 1xWAN
- Power: 9V/700mA
